Rahman Nurudin

PORTFOLIO®

ABOUT ME

+++

Hello,
I'm Rahman Nurudin

Front-End Developer

"I am a student majoring in Informatics Engineering and a recent graduate of the harisenin Fullstack Bootcamp program, specializing in web development, particularly Front-End Development. My portfolio showcases my skills in HTML, CSS, JavaScript, and ReactJS through a collection of projects with a brief description of the problems solved, my approach, and the technologies used.
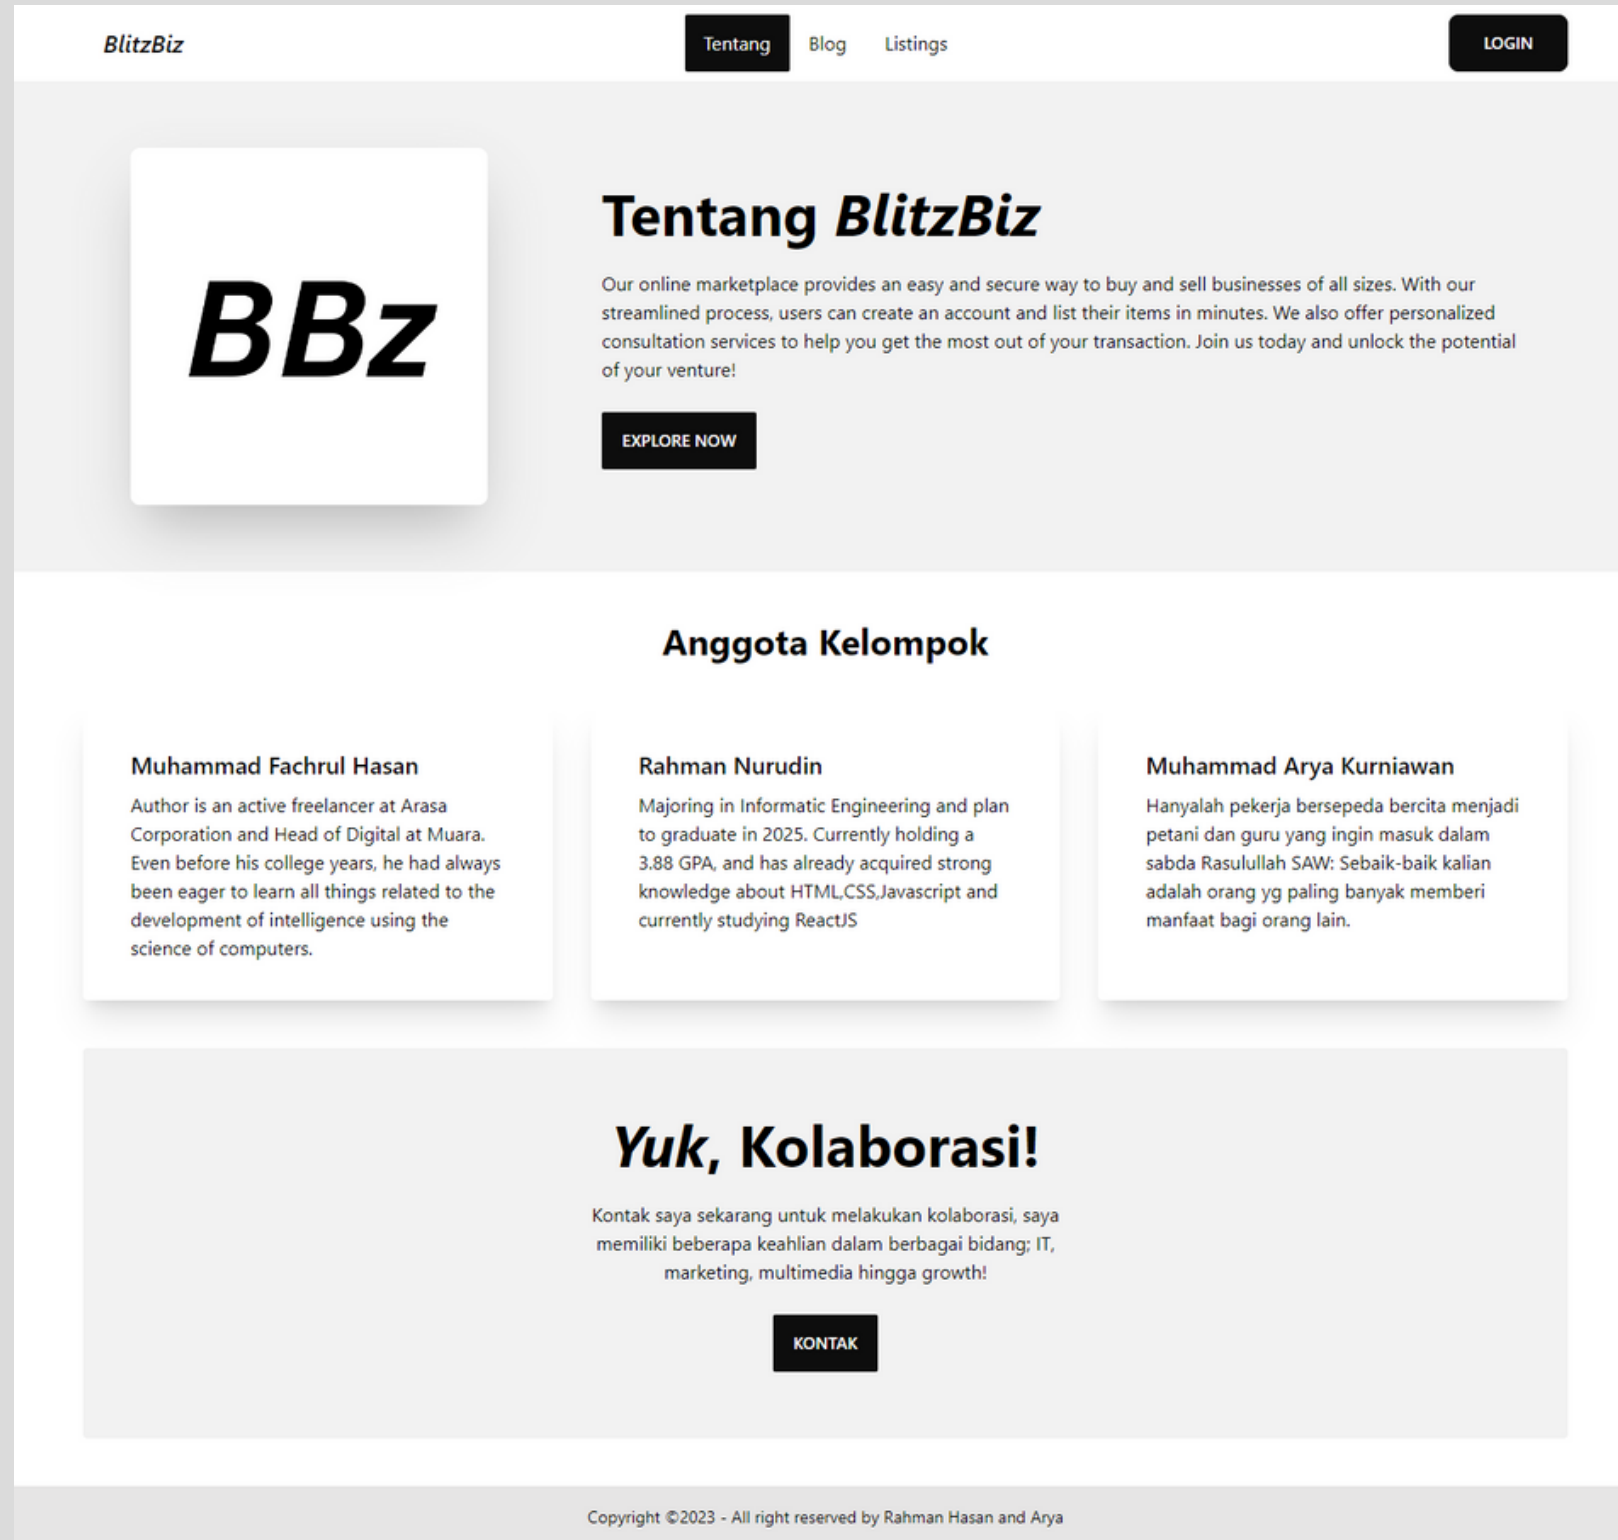

PROJECT PORTFOLIO
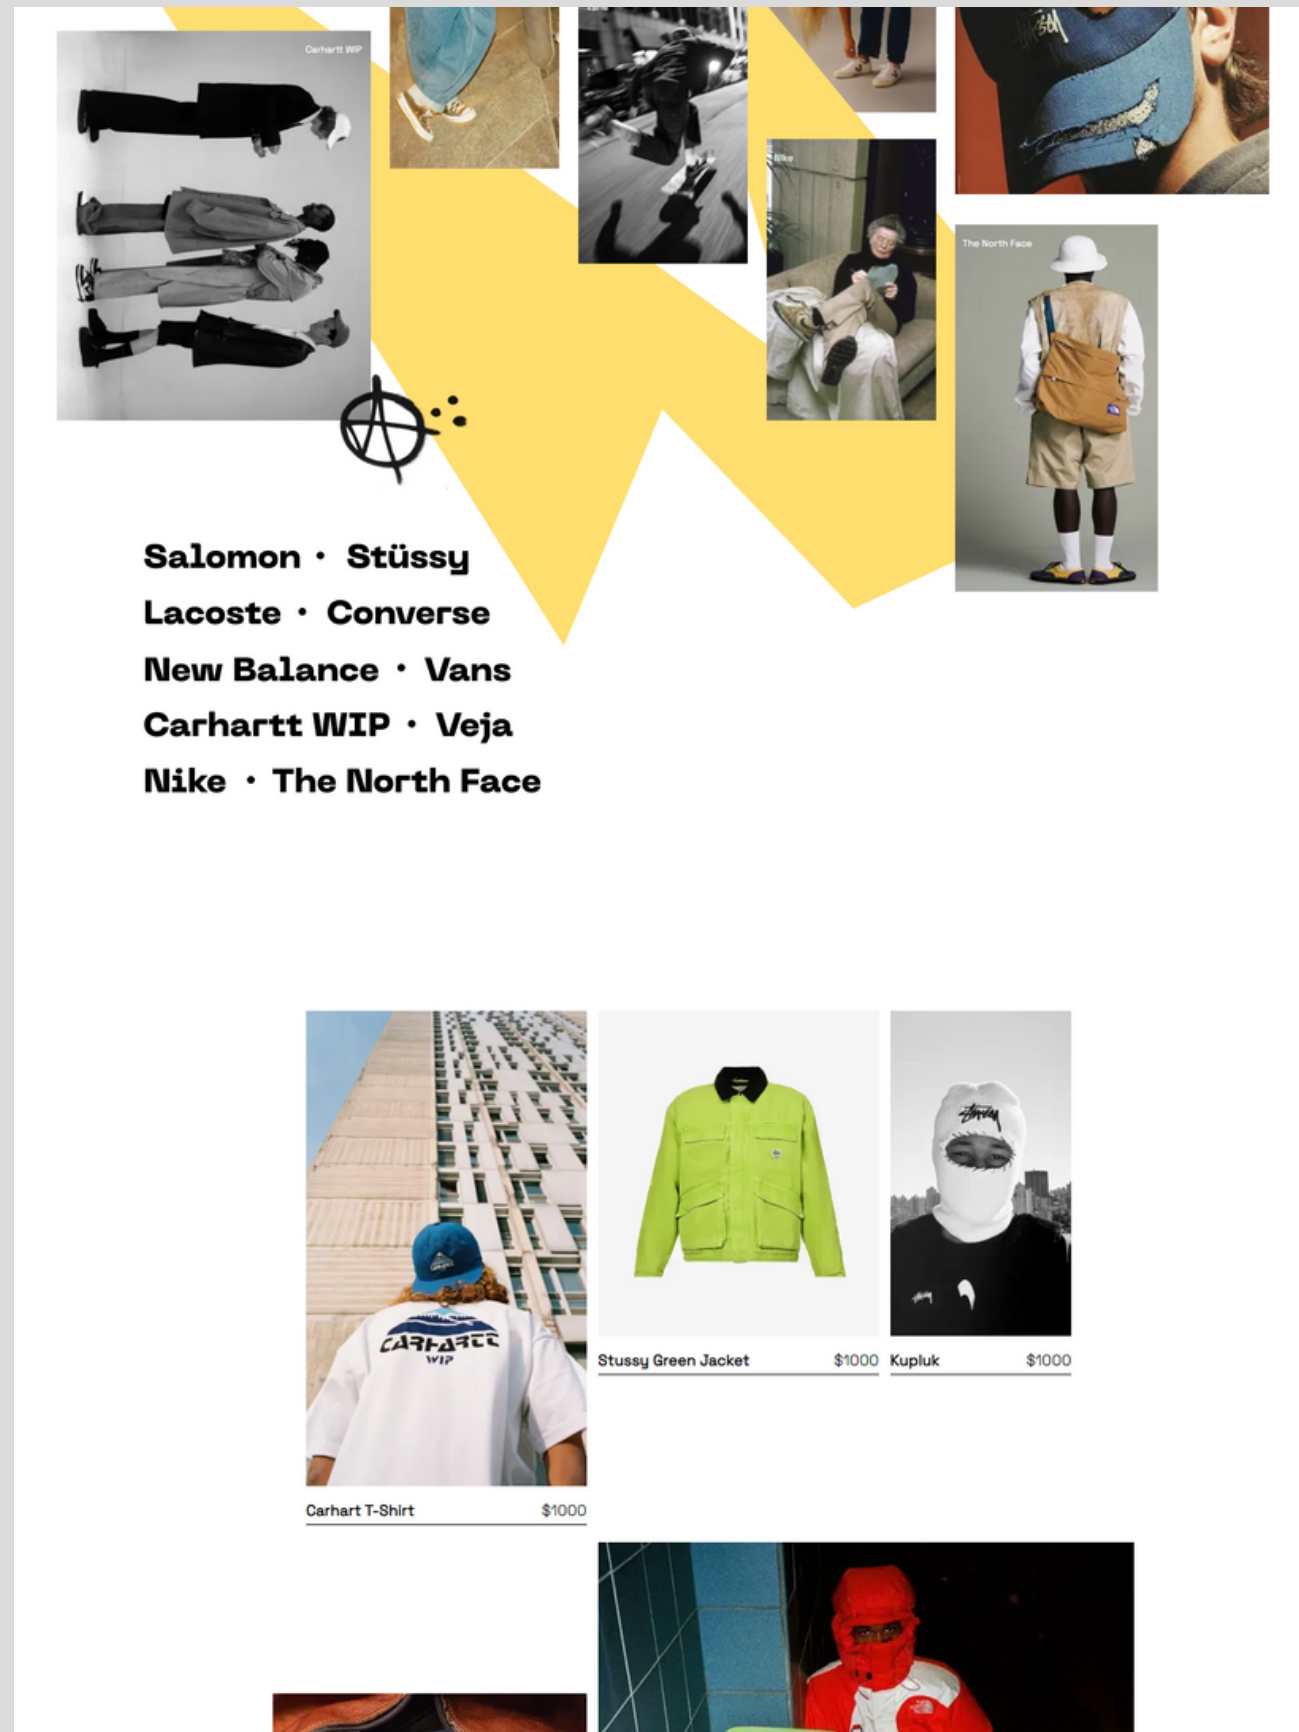

+++

Project that i've already worked on

Portfolio 01 ▼

Portfolio 02 ▼
